Five marks.

The last five standing, from the full mark exploration: the original crossing, the natural stethoscope, the continuous implement that donated its bell to everything after it, the M both tools, and the twin-drum heartbeat. One file, one decision left.

2C

3

4M

V4B

Wrench + scalpel

The original crossing.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

Stethoscope + wrench

Natural stethoscope: eartips, Y-join, one long supple tube.

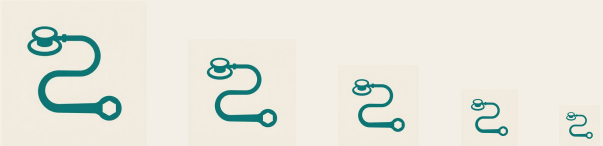

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

Continuous implement

One tool: stethoscope at one end, wrench at the other. The bell every later mark borrowed.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The M — two tools (v1)

Stethoscope left, wrench right.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

V4B

The heartbeat — twin drums

Bell and socket as a matched pair of machined parts, in the same perspective.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX
