Fifteen marks.

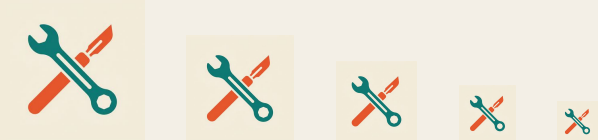

The shortlist, fifteen marks strong: the crossing, the stethoscope, the continuous implement, the M, the twin-drum heartbeat, the single-serpent rods, the wild three, and the loop — in five of its lives: the original, the Möbius, the pulse, and the two 3D Möbius sculptures. Every bloodline we have. One file, one decision left.

Wrench + scalpel

The original crossing.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

Stethoscope + wrench

Natural stethoscope: eartips, Y-join, one long supple tube.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

Continuous implement

One tool: stethoscope at one end, wrench at the other. The bell every later mark borrowed.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The M — two tools (v1)

Stethoscope left, wrench right.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The heartbeat — twin drums

Bell and socket as a matched pair of machined parts, in the same perspective.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

CAD-7

Single serpent — Asclepius, one ink

The rod of Asclepius, told with a wrench and one honest stethoscope.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

CAD-8

Single serpent — the vermillion stetho

The same rod, the creature in vermillion — teal tool, coral serpent.

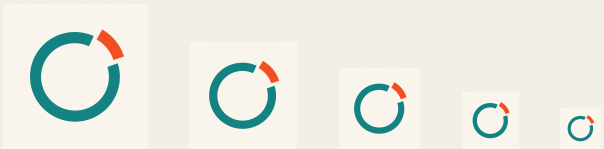

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The finding

A perfect ring, one segment displaced — the anomaly you can't unsee.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

W-2

The iris

An aperture that is also an eye — machined blades, organic leaflets, one dot.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The mechanism

A double helix drawn as a compression spring, set on ink.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The loop

The stethoscope as an infinity loop — bell disc and earpiece ring anchoring the learn
that never stops.

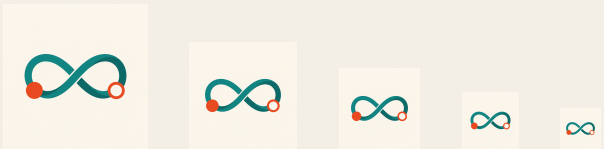

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The loop — Möbius

One surface, no end: the tube twists at the crossing. The loop that cannot finish.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The loop — pulse

The learning loop carrying the pulse: one cardiac spike rides the apex.

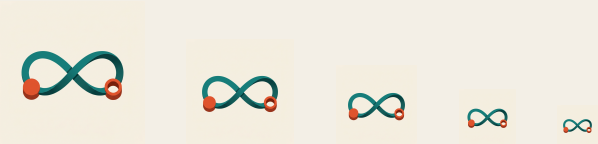

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The loop — Möbius 3D, sculptural

The Möbius as a machined band in real dimension — carved with flat two-tone teal surfaces.

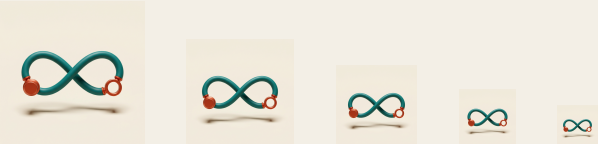

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX

The loop — Möbius 3D, rendered

The Möbius fully rendered — a supple tube with true volume, studio light, a twist you touch.

SIZE LADDER — 54 / 40 / 30 / 21 / 15 PX
